

FURNITURE PANELS

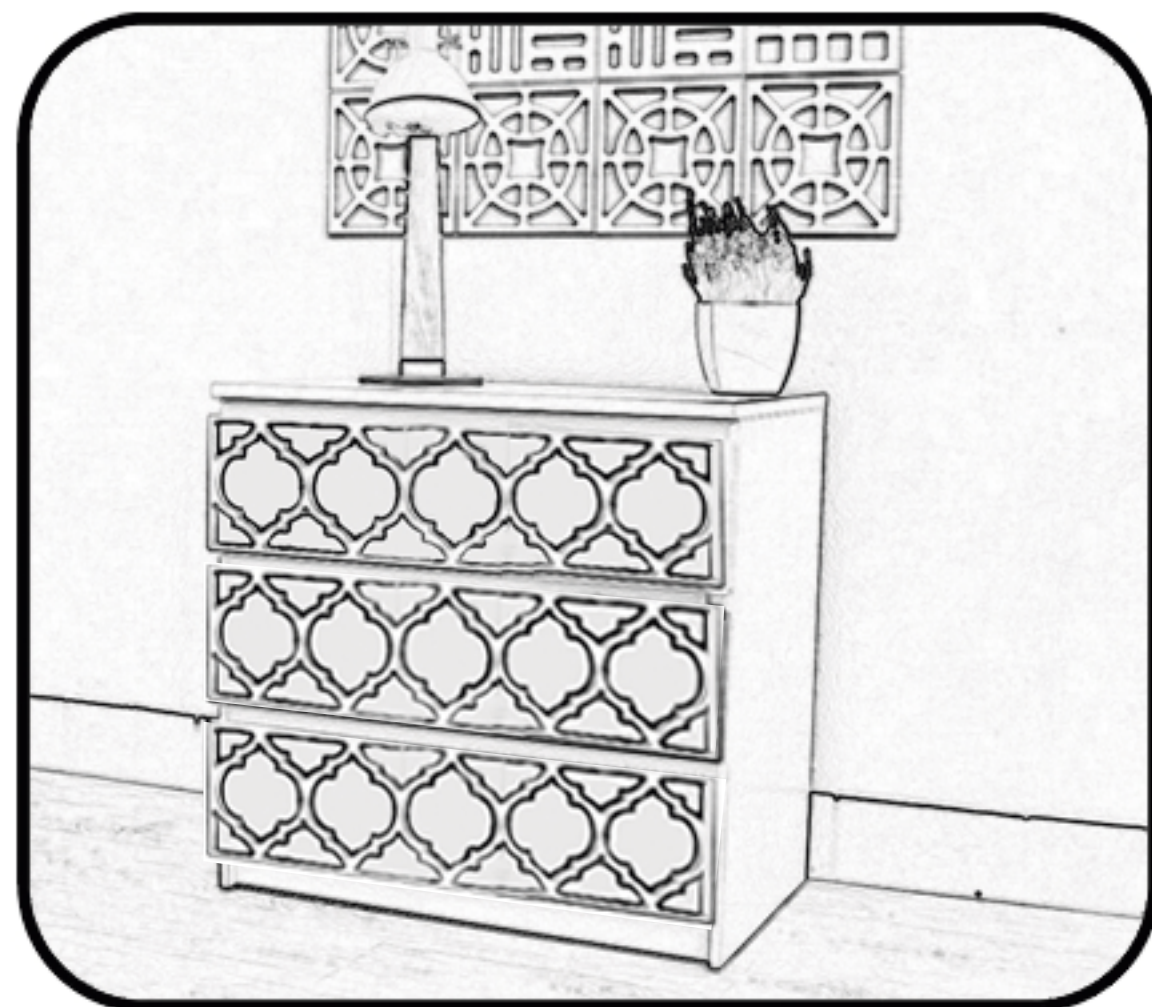

1. Clean the surface, make sure the surface is free of dust, dirt and moisture. Let it dry.

2. Apply the Double Sided Adhesive Tape or apply Liquid Nail Adhesive in the back of each panel.

3. Start the application aligning the panel on the center of each drawer. Make pressure in all the places you applied the Double Sided Adhesive Tape or apply Liquid Nail Adhesive.

4. Once the first panel is installed use the same process with the next ones. Have Fun and Enjoy.
